

HASKELL CISD

DISTRICT OF INNOVATION PLAN

Haskell CISD has created a District of Innovation Plan since the passage of HB 1842 allows local school districts to have some of the same flexibility that charter schools have been allowed. This plan will allow Haskell CISD to make local decisions that are in the best interest of our students.

This plan should be in effect for the second semester of the 16-17 school year. The plan will be posted on our Haskell CISD website on December 15, 2016. This plan will be taken to the District Site Base Committee on January 16, 2017 and will be on the Board agenda for the Trustees review and approval on January 26, 2017.

District of Innovation Committee

Michelle Thane, Programs Director	Shane Stout, Parent
